

PRESIDENT'S REPORT

Cole's Chronicles

As I waited 2.5 hours for the wrecker, I had plenty of time to think about antique cars and what it takes to own and drive an old car. The un-informed would say money is all you need. Some would say mechanical knowledge, the ability to repair things. While these can be an important ally in the experience, the only word I can even imagine that relates is "risk taker". I have recently graduated to the ability to break down twice a day in my classic car. My son said, "Dad, don't you think its time to turn around and try and go home?" Bah! We push ahead.

When we meet in the AACA, I see something in everyone that is different from your typical group. The sparkle in everyone's eye that says, *I'll try it*. The daredevil in all of you. Let's face it, we must be willing to take on risk to even attempt to make a trip in an old car. Instead of dreading the unscheduled stop in traffic, I now see it as the bonus round of car ownership. Waiting for the tow truck, no less than ten very nice folks stopped to see the car and offer help. However, I have learned there are many "not like" us. I always advise new riders: destinations are not a certainty but only the objective of this trip. What fun. It's good to set expectations!

I want to encourage everyone to get out and drive their cars. Burn some rubber, leak some oil, blow off some steam, just go do it. The weather is perfect! Let those beautiful cars be seen. They don't have to be perfect, and it doesn't have to be a tour or organized event. And if you see an old car broken down, stop and offer some help.... It may be me!

REMINDER

April meeting is on the 30th after the Pate Tile Pickup Party !!

March Meeting

At another excellent meeting, Tammy and Kim Keith hosted the club at the Heath City Hall. Heath is on the east side of Lake Lavon so members also were able to enjoy views of the sparkling lake on their drive over on a sunny Sunday. Reasonably well attended by vintage cars, we had a full hall and boisterous comradery. Tammy (and ok, Kim) served up a delicious brisket main, with member brought sides. Naturally, the dessert table was chock full of excellent treats surrounding a Nuris brought birthday cake for Ira's 80th!

With his booming voice and assistance from a powered mike Cole was finally able to bring the meeting to order. You can see from Judy's minutes the main topics and decisions brought to the table.

We now have a date for the 2023 Tune-up Tour - April 15th hosted by Chris and Linda Stathopulo. Please see the insert below for more information. The Spring Tour will be in June and Fall tour in October. Hopefully everyone has also heard and read about the Texas Tour in May – there's a reminder in this newsletter. Please sign-up if you can and RSVP the link provided. Kim Keith wants to lead a caravan and there may be others. It's easier, and more comfortable feeling, to caravan with others

that you know will help if there are any issues or problems. Since we are hosting the TT next year, a good turn-out will be a good sign. Cole and Kathy are going a day early to tour (sample?) the Shiner brewery, so if you are interested, do let them know in advance. The May meeting will be informally held at the TT, so surely you wouldn't want to miss that!

Newly Engaged —Kaiden and Claire

old car to join, and military/vets get first year national fees free.

As car shows and other events blossom this spring feel free to share with other's your experiences and thoughts. Jerry Smith has included a short article about TR members participating in a show at Ford's Garage restaurant in this newsletter. Currently we are planning the July meeting at Ford's, so of course some of the attendees needed to sample the fare while there. We got all thumbs up reviews.

We welcome returning members back as well as new members. It's a great time of the year to join the club, with events and tours in our headlights, so get out there and recruit!! Don't forget, you don't need to have a vintage/classic/or even

So, the big upcoming event for us is PATE! See the article in this newsletter on what, why and how to volunteer to help the club by participating. We need volunteers for 22nd morning tile lay placement, 26-29th for registration and 30th for tile pickup. The most need for registration volunteers is on Weds – Fri in the morning. That's when there's the most vendors lined up early to get their paperwork and get started selling. There's afternoon as well as morning shifts and at least 10 registrars are needed each day, plus volunteers needed to help with lines, greeting and general assistance. Please ParticipATE!

Besides, the April Monthly Meeting will be held after the tile pickup – at Hard 8 BBQ in Roanoke. Those who have helped with tile pickup will get lunch courtesy of the club.

John and Denise Velde

Terry and Renee Plata
'53 Olds Super 88

Kip Lankenua and Jeff Podmers

Love the T-Shirt !

Say What ??

80 and still going strong

There was a LOT of delicious Brisket !

Dates to Remember:

April 15—Spring Tune-up Tour

April 22—Pate Tile Placement Party

April 26-29—Pate Registration: Volunteers Needed

April 30—Pate Tile Pick-up Party and Meeting

May 18-21—Texas Tour and Meeting

Minutes of the AACA, Texas Region, March General Meeting

DATE: Sunday, March 19, 2023

TIME: 2:00 p.m.

PLACE: Heath City Hall; Heath, TX

Cole Clayton, president, opened the meeting by thanking Kim and Tammy Keith for hosting the meeting.

He also thanked the 16 members who came to help with the tile sorting on Saturday. He reminded everyone that on Saturday, April 22, there will be a laying the tiles down event. On Sunday April 30, the tiles will be picked up. That is also the date of the April meeting. The meeting will be held after the tiles are picked up followed by lunch at the Hard 8 barbeque restaurant in Roanoke.

Kaiden Lenners, treasurer, gave the financial report. The situation in which the club had \$2,000 fraudulently removed from the Frost Bank account is still being worked on for having the money returned to the club's account. The current amount in the treasury is \$17,420.00.

Kathy Clayton, membership chairperson, reported that membership at the last meeting was 89 and currently membership is at 95.

New and returning members that were in attendance were introduced. They were Paul Lester, Dave and Diane Smith, along with Zeb and Phila Clayton. Another returning member is Cleon Eck. John Stewart was introduced as the guest of Ira and Nuris Hester.

It was noted that the Texas Tour will be May 18-21 and is being hosted by the Golden Crescent car club. The tour will be headquartered in Schulenburg. Tours will include the painted churches and Round Top.

Kim Keith said that he would like to set up a caravan to go to the Texas Tour. John Richardson said that there will be an RSVP placed in the next Spotlight for those who would like to caravan to this event.

Charlie Gambulos, II, reported that the tile placement for Pate would be on Saturday, April 22.

It will begin at 10:00 in Zone 0 at the Texas Motor Speedway. The Cadillac LaSalle club will most likely have their tent set up in the area.

Charlie also said that this year the distribution of the profits from Pate would be based on club membership numbers. However, this will be the last year that profits will be distributed based on membership numbers.. Beginning next year the profits will most likely be distributed based on the number of volunteers that come to help at the swap meet..

Nicole Gambulos said that at this time 7,800 spaces had been sold for the swap meet. She also reminded the membership that there was a sign-up sheet at the meeting for shifts at the Pate registration building. There will be 4 hour morning and afternoon shifts.

There will be many opportunities to volunteer for Pate. They include putting down and picking up tiles as well as working at the registration desk.

Nuris Hester, sunshine chairperson, announced that it was Ira Hester's birthday.. Birthday cake was on the dessert table. Also, the engagement of Kaiden Lenners and Claire Clayton was announced.

It was noted that Carey Frisby, tour director has three tours planned for the year. They are the Spring Tour which will be held June 3-4; The Fall Tour which will be held October 21-22

And the Tune Up Tour for which the date has not been set.

Cole announced that the date for the Christmas Party had to be determined. The choices are Dec. 3 which is a week after Thanksgiving or Dec. 17, which is a week before Christmas. A vote was taken with the attendees. Dec.3 had the majority of the votes.

The upcoming meetings were reviewed.

APRIL meeting will be April 30 in conjunction with the tile pickup at Pate followed by lunch at the Hard 8 barbecue restaurant in Roanoke.

MAY meeting will be in conjunction with Texas Tour

JUNE meeting will be at Cole and Kathy Clayton's home in Keller

Claire Clayton had a drawing for the door prizes.

The meeting was adjourned.

Chris Stathopulo said the blessing.

Respectfully submitted by,

Judy Kerr-Guysinger, Secretary

Date: Saturday April 15th

Start Location: TA Travel Center, Exit 471 Northbound I-35, FM 1173/Hwy 77 (one exit north of the 288 Loop around Denton)

NOTE: People living on the west side can get on HWY380 and take FM156 North to meet us in Krum if you choose. There's no need to drive all the way to I-35 and have to backtrack. There is a parking lot just North of the FM156/FM1173 downtown intersection where you can park to wait for the rest of us. We should be in Krum about 9:10 to 9:15. If you choose this option, please let us know in advance so we will not be waiting for you at TA at I-35.

Departure Time from TA Travel Center: 9AM Sharp!

Trip Destinations: Krum, Bolivar, Forestburg, Sunset – and visit Browne Auto Salvage, Bridgeport – Yesterday's Diner for lunch, then on your own. There will be car show at the diner at 4pm – FYI

Directions:

From Interstate 35 follow the signs to FM1173 West to Krum. From the TA Center, we will need to turn immediately West at the Hwy77/I35 intersection and take the South Access Road to FM1173 about a mile. Then west on 1173 to Krum.

From Krum go North on FM156, then NW on FM2450 to Bolivar. Then take FM455 to Forestburg, then west on 1749 to Sunset.

We will stop in Sunset for a restroom break at the Valero Gas Station in town. Then on to the Browne Auto Salvage.

We will be there for only about 30 minutes. The purpose is to acquaint those that do not know about this salvage yard. Browne's is constantly getting additional old car inventory. He had 3 beaters on a trailer he just pulled into the yard yesterday. (If it is raining, we will drive by the salvage yard and not pull in. It will be too muddy.)

After the salvage yard we will head back into Sunset and out toward Bridgeport on HWY 101 and various FM and CR roads. In Bridgeport we will stop for lunch at Yesterday's Diner on US380. It is a restaurant with a lot of 50's and 60's memorabilia hung all over the walls as well as period music playing over the loud speakers.

The Diner is our destination for the day. We did not plan anything after lunch.

This will allow everyone to meander home at their own pace or stay for the Car Show. The people living on the west side of the Metroplex will have a shorter return drive home this time. BTW, the world's largest Bowie knife is an outdoor display in Bowie, TX, just 10 miles NW of Sunset on Hwy 81.

I will write up a detailed turn by turn instruction sheet to hand out at the beginning of the trip. There will be an advanced copy that can be sent out to the members as well. I'll email it to you before the event if you send me an RSVP email.

If you need additional information let me know.

We need a firm RSVP Headcount by Wed. April 12th to provide to the restaurant.

Please email or call me with your response.

Chris Stathopulo

ccstathos@juno.com

Dear Fellow Members of North TX AACA,

Life doesn't skip a beat except when we loose a precious long-time member of our AACA like Pat Morey. I sat next to her at many of our meetings and most Christmas parties and remember her gentle ways. Always the face of a refined lady you would never imagine her assisting Tom in car restorations, but she did and many times! In their gorgeous Rolls Royce(s) she looked a bit like Queen Elizabeth. We will so miss Pat's warm and kind personality. We hope Tom knows she was loved by all and that we hope he will continue to join us at our meetings and tours. We are so sorry for your loss Tom...we send our best wishes for you and your family to have deep measures of God's peace and grace.

On a more cheery note, we announced at our March mtg the engagement of our treasurer - Kaiden Lenners and our club greeter Claire Clayton. Can't wait to hear more about their marriage plans and surely their get-away car will be an antique auto we can all wave best wishes to as they start their new life as a married couplekeep us posted .

And on another happy note, we announced the 80th birthday of Ira Hester which coincided with our AACA mtg in Heath on 3/19. A huge banner was placed at the back of the room about fun facts from 1943. Many of you told stories as we strolled down memory lane...a used Ford truck cost all of \$200! A picture is included for those who were not in attendance to see the movies, cost of items, popular slang like (don't Flip Your Lid) and inventions like Slinky and Aqualung.

***I know a lot of jokes about retired people,
but none of them work.***

If you have a car, truck or parts to sell, put them in the Spotlight!

If you're working on something and need parts, put them in the Spotlight!

AACATRSpotlight@gmail.com

Tile Prep Party !!

On a chilly and blustery March 18th morning a good group of TR members braved the elements and joined the Cadillac and LeSalle Club at Texas Motor Speedway to prepare for the April 22nd Tile Preparation Party. (note how everything associated with PATE is a Party ?) Fortunately it was a good turnout all around and tile prep was dispensed with quickly, but not without the usual chaotic search for that elusive tile number in the seemingly hundreds of rolls of numbers. Some members (aka Cole and Kathy) were smart enough to bring a large trailer with their tables and chairs, but alas, it was already full by the time most of us got there....

So, if you have signed up for the Placement Party on April 22nd (if not, get right on it!), unless someone drops a tray of tiles, things should go smoothly. Ok, ok, do they ever?

Thanks to everyone at the "prep", and see you at "placement" !

I always adjust the seat and mirrors when I drive my husband's car so that he doesn't forget he's married!

All 13 Pate member clubs have voted in the affirmative to include the Dallas Area Pontiac Association in the Pate organization on a probationary basis per the terms outlined previously.

Please join me in welcoming them. They will be sharing our swap meet taskings for the 2023 swap meet, and we solicit your cooperation in seamlessly assimilating them into our organization.

Robert Wheelless, President, Pate Swap Meet GP, Inc.

The PATE Swap Meet is scheduled for April 26-30th. Although the public is invited for 27-29th, the vendors start to pick up paperwork on Wednesday and have until Sunday to leave. Our club is handling registrations for the second year in a row – which is one of the best jobs at PATE – and one we want to keep! So, we need volunteers from the club every day. Wed and Thurs are the biggest days, especially in the morning where we are inundated with eager vendors. The more volunteers the better. But we still need help on the 22nd for tile placement, each day Weds-Sat at registration, and on Sunday for tile pick-up.

Registration shifts are from 8am to 1pm and from 12 noon to 4pm. Lunch is provided for morning shift and dinner for afternoon. The rumor of a limited edition Pate tshirt is strong for those volunteers who work 2 shifts or 1 full day. I hear it's a top 10 list for Pate. One may or may not be surviving the 2023 website relaunch! Please arrive early if you can, so that you can get some on the job training where needed. You can do as many days and/or shifts that you are able. Repeat volunteers generally have an easier time of it due to the experience. The conex building where registration is held is on the west side of the speedway, on Lone Star Drive, almost under the back of the big screen. Look for the "Registration" sign.

Please RSVP ["HERE"](#) to sign-up for one or multiple registration shifts. You will get an email with information on how to prepare in advance so that your registration job will seem easy. If you can't prepare in advance, you'll get OTJ familiarization. Even if you don't do registration, please volunteer to help – there's other things we need help with.

On Saturday the 22nd, tile placement will start at 10am on the west side of the racetrack parking area. Go down Lone Star Drive and look for the tent set up with all the tiles ready to go.

On Sunday 30th, tile pickup will start at 10am, and probably go to about noon. On the West side of the racetrack – look for cars. The more 'hands' we have the faster it will go. Don't forget that it's all outside work, so dress appropriately. We recommend wearing gloves as sometimes the tiles are dirty or damaged.

Sign up for either tile placement or tile pickup ["TILES"](#)

If you have any questions contact Nichole at 713-402-8418 or Charlie at 214-924-3086

Editor's Comments:

new email address: AACATRSPOTLIGHT@gmail.com

Things are really looking up for the club this year. New members and plenty to do! April is full of activity so get out and mingle.

We really appreciate the input for articles that we've received—thanks to Sam Goforth and Nichole. Though you may not see your article in this edition we will certainly include in future versions. If your car(s) are in an event – wedding, prom, car show, etc. – send a few pics and words to us so that we can include in the next newsletter.

Just a suggestion: Keep your copies of the Spotlight in a special place—on-line or printed—as we may often refer to previous articles to save space in the current edition.

Thanks for the continued positive comments and suggestions. All are welcome !!

SPRING TOUR — JUNE 3-4, 2023

by Carey Frisby

Follow that car!

The Texas Region Spring Tour will be a drive from the Denton, Texas area up to Wichita Falls for an overnight. We will take an indirect route to Wichita Falls and during the day will visit both an interesting car museum and the Museum of North Texas.

Our overnight will be the Hampton Inn near Sikes Center Mall with numerous restaurants in the vicinity. Address is 4217 Kemp Blvd., Wichita Falls, TX. On Sunday, we will return to our starting point via some really nice old roads.

Two items for those going on the tour:

1. Make your reservation at the Hampton Inn by calling and giving them the code of AACATR. The room rate is \$109 plus applicable taxes. All rooms are double queens. **Call 1-877-461-1402.** This is probably a national reservation number, so be patient and if you have difficulty, give me a call or text. **Remember, May 5, 2023 is the cutoff date, so don't delay.**
2. Let me know you are going on the tour at cwfrisby@gmail.com or text to (214) 697-9666.

Details of the tour like starting time and place will be in the May Spotlight.

This Month's Member Article:

by Jerry Smith

On March 5th, several of us from AACA attended a car show at Ford's Garage, a restaurant in Frisco just off the Dallas N Tollway. It was expected to be a small show being early in the year but on a beautiful day, the organizers and the restaurant were surprised at the overflow crowd.

Lots of beautiful cars and people happy to be outside as you can see in the pics. From our club you can spot

John and Denise Velde, Kim and Tammy Keith, John and Lynda Richardson, Andy and Bunny Riemitis and Linda and Jerry Smith. The ten of us got an opportunity to visit and get to know each other on another level.

John advertised the club with the banner and handed out AACA magazines

Ford's Garage is a candidate to host one of our future club meetings. The food was good as well as the service in a fairly demanding environment. And there was plenty of parking for those classics that we drive!

Hope you can make the next one!!

Attending a car show in your area? Let us know so that we can let the club know. Others of us may want to join you or at least be aware of it.

AACATRSpotlight@gmail.com

Member Spotlight Jeff and Bev Podmers By John Richardson

At the March meeting I had the pleasure and honor of interviewing one of our most iconic members, Jeff Podmers. As we sat in the back seat of his (now Colin's) '49 Packard, here are his own words about his long love affair with vintage cars, and support for our club.

"Even when I was in school my automobile preferences were for old cars in original condition. The first car I bought was a Model A Roadster when I was about 18. And not long after that, my first Packard, a 1929 convertible. I didn't at the time have any experience with car mechanics, so when my Model A transmission blew, I thought it would be an easy fix, not realizing that it required removing the entire rear end assembly – that was my first, but by far not the last, repair job."

"To my surprise, it was Bev that, at an auction, bought a 1928 Packard convertible to replace the 1929 Packard that I had sold. We joined the Tuscon region AACA in about 1971 and started adding to the stable. By the time we moved to Fort Worth in 1978 we had 14 cars, so we sold 6 and rented a car transporter and brought 8 here. We bought the Ft. Worth property specifically as it had a large storage building – though we've since added space several times. It seems that cars just seek us out so we continued to add (and sell a few) cars. Once, a friend of a friend, asked me to help 'clean out' his dad's barn, in exchange for the contents. Turns out that in addition to lots of junk, there were 11 cars in original condition – mostly Packards and Lincolns from the late 40s – buried in the back. I kept 3 and the rest went to friends in exchange for their help with the clean up."

"In 2002, our friend Bob Tarpenning, convinced us to join the local AACA club. We attended a meeting, were impressed, and joined immediately. Since then we've done our best to participate in and support the club – including as editor, officer, director and president."

Jeff, why Packards? "My very wealthy uncle sold my Dad his 1946 Packard limousine. One day I'd drive my model A and the next the Packard. I found that I much preferred the Packard."

What was your fanciest/famous car? "Probably the 1934 Bugatti, that I swapped a 1926 Bugatti for."

Your favorite car? "That would be a 1941 Chrysler, because of its unique styling, smooth ride....and it is a convertible. Of the 13 cars we have, 8 are open tops. We like open air motoring."

Have you done judging? "Oh yes, I've been in shows, been and done judging, and won a few awards. I'm a past judge of the DFW Packard Club."

Do you restore your own cars? "I am more of a maintainer than a restorer, I prefer driving to showing."

How many cars would you say that you've owned? "Hard to say, and it would take me a while to try and remember them all, but I'd say over 50."

Member Spotlight Jeff and Bev Podmers By John Richardson

1941 Chrysler Convertible

1953 Packard Caribbean
one of only 750 produced

1956 Packard

1954 Jaguar

1946 Chevrolet

1953 Fiat 8V

69th Texas Tour 2023

Below you will see information about the 2023 Texas Tour . We've been notified that the host hotel - Holiday Inn is full, so make reservations in the Schulenburg area fast !! Also, we are including an RSVP for the Texas Region to attend, with a two-fold objective: help see how well we are participating, and to help facilitate caravanning to the Tour. You will see in the RSVP questions if you want to participate in a caravan, lead a caravan and what part of town you want to leave from. We hope that this will help those that don't want to drive the distance by themselves, or worst case, not go because of it...

Using this RSVP does NOT register you with the Tour itself, you still have to do that. To RSVP for TR signup and caravan click [HERE](#)

Hopefully we will have a good showing from Texas Region !! See You There

Tour Details

Thursday May 18 – Registration will open around 1pm in the host hotel, and early bird tours will be provided to some of the local attractions. The Welcome Party will be provided in the park. The registration fee covers 4 meals, including the Welcome Party at the Park Thursday evening, Friday lunch, and the two nightly banquets, a goody bag with door prizes and expenses for the venue and entertainment.

Friday May 19 – We will start the day off with our car judging and ladies 'event and then off to our planned tour to see a local car collection and have lunch. We will visit one or more painted churches that date back to late 1800's early 1900's. The evening banquet will be at Sengelmann's for some German food, along with a Hobo band. Should be quite an interesting evening.

Saturday May 20 - We will tour more of the back roads to Round Top, a unique small town with many attractions, such as Festival Hill, antique and art galleries for everyone to explore. Lunch will be on your own. The closing banquet with awards will be held at Sengelmann's.

The Registration form was in last month's SPOTLIGHT!

If you have not received your registration packet, contact Gary East.
